

ECO UPDATE

WORKING PARTY

19th September 2017

Autumn Term 2017

Our first Newsletter of the year will come out soon, once we have appointed our ECO WARRIORS. We did, however, hold our first Eco Club today so be prepared for some pupil pestering about lights etc.

Some background for those of you that don't know is that until two years ago we entered gardening competitions and achieved good results. We had to stop the competitions due to building works and then last year we again didn't compete due to the condition of the grounds. Our aim is to enter the competitions again this year.

With this in mind the first area for a make-over is the playground at the front of the school.

This Thursday, 21st September, you are invited to come along and help at our Working Party between 9 a.m. and 10.15 a.m. The plan is to clear weeds, prune and top up the planters with fresh soil.

If you can help for any length of time you will be most appreciated. If you have your own hand tools to bring along that would also help. We will only be working on the planters by the gates and under the office windows so no large tools are necessary.

The second stage of the make-over is a MUFTI DAY for the pupils on Friday 13th October 2017. The fee for being able to come to school out of uniform for the day is a spring flower bulb. Many bulbs are available in discount stores such as the pound shop for just £1 a pack.

In the spring term we will once again have Flower Fairies visiting (hopefully)

Please turn over for a quick look at what we achieved before.

Just a few of our stunning displays
