

ECO NEWS ~ GARDENS

13th May 2015

Thanks to the very kind donations of plants and hanging baskets the children have been very busy with planting over the last few days, giving up parts of their breaks and lunchtimes.

As you are aware our grounds and planting activities are used for the benefit of the children, to enhance their knowledge and enjoyment of gardening with flowers and also vegetables and salads.

The children have already planted around 16 hanging baskets that you may have seen around the school. As we still have plants and hanging baskets and we have heard that parents are eager to help we have decided to extend our Flower Fairies to help out ☺

If you would like to come and plant a hanging basket with your child at either end of the school day we would be very grateful for your help. All materials will be provided. The hanging baskets, soil and plants will be available at the front of the school. The choice of the plants used will be left to you and your child. Every basket will then be unique - no need to worry about matching it to anybody else's! Please leave all completed baskets to the side and we will distribute them around the school.

Thank you, once again ☺

All children will be given the opportunity to work in the gardens and help with seeds and growing throughout the school year.

Don't forget our next Working Party on Thursday 18th June 3.30 - 5 p.m.
