Dear Parents

Thank you for all your responses so far. It has been really helpful hearing your views and suggestions. Thank you also for your kind and thoughtful words about how our school is managing this rather strange situation. It always makes such a difference when the whole school community works together. It has helped our small team immensely with the support that we have had from you. **Thank you.**

It is completely understandable that many of you are feeling anxious about returning at all, especially when returning may mean that you will be prevented even longer from seeing grandparents. Every family has to consider their own situation as does every staff member. We won't know anything until the briefing, which is planned for Sunday. All maintained schools will need to follow the Government guidance and the Local Authority advice.

Please be assured that we will only return to school using the guidance which comes from scientific and medical advice. Our first priority will be the safety and wellbeing of our school community and our second priority will be the education of pupils. However there will still be some who feel they cannot return where there are specific high risk to members of their household.

As in my previous letter, please also be assured that siblings will always be grouped together whatever the return to school looks like!

If you haven't responded yet please do so as I like to get all of your views and ideas.

Stay safe.

*V. Lanham*
