Personal, Social, Health and Economic Education Policy

Review Date: Autumn 2023

Next review Date: Autumn 2024

*At Charlwood Village Primary School our core aim is that our pupils develop into **confident, valued, prepared and successful** young people. We believe that PSHE and Spiritual, Moral, Social and Cultural opportunities are essential in enabling us to achieve this*

Aim

To provide pupils with the knowledge, understanding, attitudes, values and skills they need in order to reach their potential as individuals and within the community.

Pupils are encouraged to take part in a wide range of activities and experiences across and beyond the curriculum, contributing fully to the life of their school and communities. In doing so they learn to recognise their own worth, work well with others and become increasingly responsible for their own learning. They reflect on their experiences and understand how they are developing personally and socially, tackling many of the spiritual, moral, social and cultural issues that are part of growing up.

They learn to understand and respect our common humanity, diversity and differences so that they can go on to form the effective, fulfilling relationships that are an essential part of life and learning.

Implementation

A variety of teaching and learning strategies are used to deliver PSHE which take into account pupils' age, development, understanding and needs. Pupils will need to work in a safe, secure climate to be able to explore their own and others' attitudes, values and skills.

Effective PSHE lessons will involve a high level of interaction where each pupil has planned opportunities for learning through:

- The development of a trusting relationship between the teacher and the pupils enabling the consideration of sensitive issues to take place
- Collaborative work
- Opportunities for reflection
- Challenge within a safe environment
- Respect for each genuinely made contribution
- Negotiation
- Accommodating new information and skills
- Building on current experience and use first-hand learning to achieve positive ends

Monitoring and Evaluation

The PSHE leader will monitor delivery of the programme through observation and discussion with teaching staff to ensure consistent and coherent curriculum provision.

Evaluation of the programme's effectiveness will be conducted on the basis of:

- pupil and teacher evaluation of the content and learning processes
- staff meetings to review and share experience

Assessment

Pupils are assessed termly. Any pupils causing concern would be discussed at the half-termly Pupil Progress meetings or with the SENCo.
